October 2022

Greetings from Argentina where it feels like it is still winter.

In this update, Joe would like to talk about the blessing the National Church Planters project has been in the lives of those who are being helped.

This past week we traveled to visit those who are working in Gran Buenos Aires and the Capital Federal.

The church planters involved in the church in Don Bosco shared how the fact that they can work full time in the ministry has affected the church. They have been able to meet with couples for counseling in their relationships. This has led to people coming to know Jesus as Savior. These people have been coming out to the services of the church and are being discipled. They are also able to disciple men to take leadership of various ministries of the church. Overall the church is growing not just numerically but in the spiritual life of the membership.

These church planters have asked for your prayers as they begin discussions with the church about the church's responsibility to support the pastors of the church.

We also had the opportunity to visit with the pastor who is beginning a new work in Lanus in the Capital Federal. Joe was able to preach to the

group as they met together for the fifth time. They are excited about their new life in Christ. They are sharing with family about the changes Jesus has brought into their lives. They are committed to seeing a church established in their neighborhood. They are near the stadium for the soccer club of Lanus. There is no church of any kind in the area around the stadium.

Their prayer request is that the pastor would be able to rent a house in the neighborhood. They are beginning their discipleship studies and are really excited about this.

We were excited about the fact that Milciades led the study in our absence. He has also agreed to lead the study once a month. This is an answer to our prayers.

If you would like to have a part in helping these men you can designate on the memo line of your check AIM-NCP. All funds received will be used to help these men. This is not support for them for ever. They receive the funds on a decreasing scale over 2-5 years.

We thank you for your faithful prayers and financial support for our ministry here in Argentina.
